

Flying Club Board Elections coming soon in April

Howdy Flying Ags!!

This is just a heads up regarding officer elections coming up in April. We will hold our annual elections for all ten or so board positions. The President as well as the VP of Business Operations will be graduating in May, possibly a few others. So it is very important to start looking ahead now and planning so the right people who understand the foundation and history of the club are in place in order to continue to lead this club in the right direction. Running for an officer position just entails showing up to the elections and giving a quick speech to the members there about yourself, history with the club, and why your running for that position. The members present will then vote on who they feel would best serve the club in that position. With that being said, if you are interested and have what it takes, then let us know and what position your interested in by emailing the President or myself.

We are also starting to form a list of duties for our annual flour bombing competition in April and need as many members as we can get out there to help, even if its for a short period; as well as come out to fly and TRY to bomb the target haha! Let us know if your interested in helping out, we will get a date sent out as soon as its set in stone.

Our maintenance manager is always looking for crew chiefs and any kind of help he can get with the maintenance of the planes. If your interested and want to learn more then shoot him an email! Also, Michael will be sending out some ideas about events we're trying to plan for the rest of the semester, so be on the look out for those as well and let him know if your interested!!

Look forward to hearing from all of you!

Blue Skies!!!

Danny Gueho
VP of Business Operations

President's Corner

Howdy Flying Ags,

I was contacted last month by the president of the Raider Pilots Association at Texas Tech, who was hoping to learn more about our club. Their club is new and has approximately 25 members who rent a single airplane from a local flight school. As members of the club they get slightly discounted rates, but were hoping to aquire their own aircraft to make flying more affordable and so that the club would be more independent. I have shared with him how our club functions and my general knowledge of our club's background, but I was hoping that some of you older Flying Ags might be able to give me more information about how our club got started, and maybe share some personal experience or advice about aircraft ownership that I could pass along to the Raider Pilots that might help them as they try to expand their club. Thank you in advance for your help and I look forward to hearing back from you at president@flyingaggies.org.

Thanks,
Brandon Erwin
President

2010 Fuel Prices

2010	01	\$4.21	850 gal	\$3576
2010	02	\$4.12	946 gal	\$3898
2010	03	\$3.79	881 gal	\$3338
2010	04	\$4.06	769 gal	\$3127
2010	05	\$4.08	818 gal	\$3337
2010	06	\$3.96	979 gal	\$3881
2010	07	\$3.82	828 gal	\$3165
2010	08	\$3.82	965 gal	\$3687
2010	09	\$3.74	1170 gal	\$4380
2010	10	\$3.69	1191 gal	\$4394
2010	11	\$3.87	823 gal	\$3189
2010	12	\$3.93	743 gal	\$2920

Maintenance Request

Howdy Flying Ags,

As all of you should know, officer elections will take place in April. In order for a new maintenance manager to take charge at that point, he or she will need to begin a training period before that time under the current maintenance manager. At next month's board meeting on March 3rd, we will vote on the maintenance manager position. If you would like to run for this position, please send me an email and plan to attend the board meeting. If you have any questions about the responsibilities of this position or any position, I would be happy to answer them.

Thanks,
Brandon Erwin

Hey - I'm John Romero and I'm the new (again) Newsletter Editor for our **Newsletter Editorial** wonderful Flying Aggies Club. If you have any news, announcements or banter that you would like to discuss - feel free to contact me and get your voice heard at john.m.romero@gmail.com

Copyright 2011 - Flying Aggies Club (FlyingAggies). Flying Aggies is a club of airplane owners and not renters. As such, we ALWAYS treat the plane with respect, as if we own it - not rent it. We have pride in our airplanes and enjoy all of the benefits of ownership - without the maintenance hassels or unexpected ownership bills. We will participate in activities for our club including plane washes and meetings.
